4. NOTABLE FEATURES, HISTORICAL SIGNIFICANCE AND DESCRIPTION <div style="text-align: right;">OPEN TO PUBLIC no</div> <p>This building is a small well-proportioned Victorian Gothic cottage of weathered shingles. It has a picturesque steeply pitched A-roof which slopes from front to back. It is 3 bays wide and 2 deep. The first storey windows are 6/6 while those in the gable level are 2/2. There is a central door with a small overlight. The front of the roof is pierced by a large dormer decorated with cut bargeboards and a turned wooden spire. Each gable end is treated similarly with bargeboards and a spire. There is a tall copped chimney at each end of the house enclosed within the wall.</p> <p>This structure, set on the edge of the large Easton cemetery has a very picturesque quality. It's weathered shingles and shabby condition almost make it seem more attractive. It is a good example of a small Victorian cottage.</p>
